

Q914

Certificate of Conformance

Each shipment shall include a Certificate of Conformance (C of C) confirming the products, parts or materials meet the requirements of the Purchase Order.

The required information to include is:

1. Date
2. Buyer's purchase order number
3. Supplier's name
4. Part number, drawing number, and/or specification number including revision
5. Lot / Batch / Date Code Number (if applicable)
6. Shelf Life expiration date (if applicable)
7. Sign off approval and date by the supplier's quality organization

Distributors – include a copy of the Original Equipment (OEM) or the Original Parts (OPM) Manufacturers' certification.
